MONTHLY SALON NEWS

NOVEMBER 2014

Dear **Bang Salon** clients,

Bang Salon is glad to introduce our new online system called Millennium to provide services for online booking reservations. We have updated our program to ensure that our system is the most user- friendly and is as easily accessible to our clients as possible. As we transition to a new booking engine, please be advised that ALL new and existing clients will need to register for a new account and create a profile for their preferred location.

Please follow the instructions listed below to register for a new account:

1. Visit our homepage at www.bangsalon.com
2. At the top right corner next to the calendar date, select your desired Bang location
3. Select "Click here to register"
4. Fill in basic information such as your name, phone number, and e-mail address
5. Create a password and click "Register"
6. Once you have registered, you will be re-directed to the log-in page
7. Enter log-in information
8. A client registration e-mail will be sent to you

Note: If you visit more than one location, you will need to create a profile for each of those locations.

Apple products and any other mobile device browsing are NOT compatible with our new online system at this time. We have reached out to Millennium regarding this problem, and they are in the process of looking into this for us. We sincerely apologize for any inconvenience this may cause.

Bang Salon values all of our clients and we are working very hard to fix any issues that you might be having with the new system. Please feel free to call your Bang Salon location to make an appointment with your favorite stylist!

If you need to cancel or reschedule an appointment, please call the location where your appointment is booked and our front desk team will be able to accommodate a date and time that best works for you.
